CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

With regard to the Institution's mechanism for well-planned curriculum delivery and documentation, it is imperative to bring out the fact that the authority of designing of the syllabus of theory and practical courses rests with the University which this Institution is affiliated to. The syllabus, topics included to study, number of hours required to complete the topics / syllabus, the date of Internal and External examinations, the declaration of results, in other words, almost everything in this regard is decided by the affiliating University i.e. VinobaBhave University, Hazaribag. However, some of the members of teaching staff are invited to be members on the Board of Studies constituted by the affiliating University. Such members provide the feedback and precious suggestions to the BoS for designing appropriate syllabi for the learners. The BoS of the affiliating University values such suggestions and incorporates them in the curriculum. At the level of the Institution, emphasis is given on the implementation of the syllabus in its letter and spirit and achieving the goals projected in the curriculum. The teaching plan is prepared at the beginning of the session and the syllabus is taught in the classes with the help of learner-centric techniques. Most of teachers use 'chalk and talk method' and ICT tools simultaneously to teach. However, the teachers of the Vocation Degree Courses (B. Sc. In Bio-Technology, B. Sc. In Computer Applications and Bachelor of Business Administration) compulsorily use LCD, PPTs, etc. To achieve the projected outcomes of the syllabus, experiments are held regularly in the

laboratories. The students are assigned simple and cost-effective projects like making working models, preparing charts. A couple of departments such as the Departments of Geography and Sociology take the students out on excursion, study tour or for field work. The shortage of teaching staff is dealt with by making alternative arrangements such as appointing part-time teachers or inviting guest teachers. The co-curricular and extra-curricular activities viz. participation in the activities of NCC, NSS, social extension, cultural and sports activities also help in achieving the aims and objectives of the curriculum. The documentation of the records in the Institution, however, is not appreciable.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The Institution plans in the beginning of the session to provide support to the students towards the continuous internal evaluation of their learning. Some of the important plans and strategies, in particular in the field of internal evaluation of the students are: 1. Class-tests are organized as and when found necessary. 2. Quizzes are held to test the learning of the students. 3. The teachers guide the students to solve question papers of the previous years as well as motivate them to take free online tests provided by various online agencies. 4. The students are made aware of the outcomes of the syllabus. 5. The students are guided to apply for scrutiny of the answer sheets of the final examination if they find their scores unsatisfactory. 6. The slow learners or disadvantaged learners are given personal care. 7. Peer work and team work are assigned to the students so that their learning curves improve. The overall impact of these exercises is encouraging. It improves the learning of the students and goals of continuous internal evaluation are achieved at the Institutional level.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The academic calendar is prepared by the college but it is not a well drafted and detailed document. It includes the schedules of meetings, activities and events to be organized, the list of holidays and some insignificant information having no lasting bearing on the academic activities of the Institution. These schedules mentioned in the document are not followed strictly because of a number of unforeseen administrative and non-administrative factors. As far as the conduct of examination is concerned, it is worth mentioning that the Institution has no say in the planning of the examinations. All these are decided at the level of affiliating University. The Institution follows the instructions of the University in this regard. The co-curricular and extra-curricular activities of the college are held as per the suitability and availability of time-slot for organizing such activities.

2.6 – Student Performance and Learning Outcomes

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

The college has developed reasonably good physical, academic and support facilities for its students - laboratory, library, sports complex, computers and classrooms etc. These are freely available to the students who take admission in the college. The students who take admission in courses with practical papers are entitled to use laboratory related to their subjects and curriculum as and when required. These students get their entitlement because they pay laboratory fee at the time of admission. The college library is rich and automated. It uses Koha software. The students of the college are free to access the library during the library hours. The college, unfortunately, has no dedicated sports complex but the sports facilities available on the campus, sports equipment and the playground can be availed by all the bonafide students of the college. Even though, the college faces the paucity of the classrooms, it manages the smooth conduct of classes by judicious allotment of classrooms to the different subjects. The various programmes such as 'Welcome Programme for Freshers', 'Farewell Programmes for Outgoing Students', Seminars, or any other events are organized in these classrooms.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

The Institution has no formal body like Student Council as the election of Student Council has not been conducted by the affiliating University during the academic session 2016 - 17. The students, however, are always encouraged to participate in the activities - academic or co-curricular. The students are free to approach the Head of the Institution or the teachers of their departments to discuss their problems. The Institution takes note of their grievances and tries to resolve them as soon as possible. It is important to note that no serious issue has come to the notice till the date. In general, the senior students help the college administration in maintaining the discipline on the campus such as the protection of college property, implementing uniform code, verification of the Identity Cards, etc. The Institution, however, does not induct the students on academic and administrative bodies / committees of the institution which is a serious lapse on our part.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The Institution tries to decentralize the governance to a reasonable extent. It also promotes the culture of participative management. At the beginning of the academic session, the staff are assigned their academic and co-curricular

responsibilities. IQAC of the college plans and implements the Academic Calendar. The responsibility of conducting the Internal examination smoothly and on time is assigned to the Examination department. The sports activities are managed by the PTI of the Institution. The responsibilities regarding the activities of NCC and NSS are shared by the respective in-charges. The Heads of Departments oversee the smooth conduct of classes and completion of the syllabus.

6.1.2 – Does the institution have a Management Information System (MIS)?

No

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Admission of Students	The Principal in consultation with some senior faculty members formulated the policy of admission in various courses. Since the number of applicants do not exceed the number of sanctioned seats, the college does not face any problem. For admission in Vocational Courses, entrance exams are conducted if the number of applicants exceeds the number of seats allotted.
Industry Interaction / Collaboration	The Institution is lagging behind in the field of industry interaction and collaboration. However, for On Job Training and Internship programmes in BBA and BCA departments, the Institution contacts the nearby organizations which help us in this regard willingly. These organizations provide the students necessary skills to be industry-ready.
Human Resource Management	Since the Institution is managed by its meagre resources (collection of fees) and paltry grant from the state govt., it is very difficult for it to make timely recruitments and recruitments as per the sanctioned posts. But the college tries to manage the issue of shortage of teaching and non-teaching staff by making temporary / ad-hoc / daily wages appointments. The staff is also motivated to do some extra work for the Institution.
Library, ICT and Physical Infrastructure / Instrumentation	Library, ICT and Physical Infrastructure including Instrumentation are core to quality education. The Institution pays significant attention to these. The college library is reasonably rich with stacking facilities and a small reading room. It contains a number of reference books and journals. The physical

infrastructure including classrooms, laboratories and instrumentations such as computers, photocopiers, LCDs and other ICT tools are also well maintained and used carefully.

Research and Development

Since the Institution is an Undergraduate College, it cannot promote the research culture as expected from dedicated research centers. But even then, the Institution promotes the research culture among the faculty members of the college. It encourages the faculty members to write research papers and get them published in the UGC listed and Peer Reviewed journals. The Institution also promotes the faculty members and even the students to participate in seminars, conferences and workshops at different levels. If required, it is ready to support the participants financially. It can also provide necessary leaves to the teachers for the purpose. The various departments are motivated and financed to hold seminars and conferences.

Examination and Evaluation

The Controller of Examination of the Institution along with the Principal and HoDs decide the plan and ways to conduct the Internal Examination. The students are informed in advance about the rules and regulations involved. The evaluation work and result of Internal examination are done on time and the students are informed of it. The assessment is done with complete fairness and transparency. But if a student is not satisfied with his result, he can approach the HoD of his department. The End-Sem exams are conducted by the affiliating University for which the Institution provides support.

Teaching and Learning

The task of teaching and learning in the Institution is managed through the active contribution of the Head of Institution, IQAC and teachers. The time-table is prepared after a thorough discussion among the teachers. The time-tables are displayed properly and classes are conducted accordingly. The learning through co-curricular and extra-curricular activities are also managed efficiently. The Principal monitors the progress throughout the academic session. Feedback (not well structured) are also taken from the

	stakeholders to enhance the teaching-learning activities.
Curriculum Development	The college plays no role in curriculum development. It is the prerogative of the affiliating University. But some of the teachers are members on the Board of Studies. They provide feed back and valuable suggestions to the other members of the BoS for the preparation of the Curriculum.

6.2.2 – Implementation of e-governance in areas of operations:

E-governance area	Details
Planning and Development	The Institution uses e-governance to some extent. A WhatsApp Group of the college is created to communicate office orders and pass information to the staff members of the college. The college has also a working website but a lot has to be done to make it useful to the students. The Academic Calendar is displayed on the college website and efforts to communicate through e-mails are being made.
Administration	The college is learning ways to administrate effectively with the help of e- medium. It has created a WhatsApp Group for the staff of the college. All communications to the staff are made through this group. E-mails are also being used. The students are given information through SMS. The college website is also used to communicate with the students.
Finance and Accounts	The accounts of the Institution are maintained on the computers. All transactions are recorded on the computer and the Accountant keeps the record updated.
Student Admission and Support	Nothing much has been done for the online admission of the students. The same old pattern of offline admission is being followed. Only the records of such admissions are maintained on computers with the help of web based MIS.
Examination	The work of examination at the level of college functions mostly manually. Only a few teachers use technology to set question papers and communicate with the examination department through e-channels.

The Institution has tried to make the campus eco-friendly by planting trees. Free polythene drive can also be included as one of its efforts in the field. The students are motivated to come on foot or on their bicycle.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Best Practice -I (2016 -17) Community service Objectives: To create a sense of responsibility among the students towards society, environment, and cleanliness. **Context:** Education means creating a sense of responsibility towards society among the student. Keeping the philosophy in mind, the institution decided to promote activities like area cleaning, tree plantation, Swachh Bharat Abhiyaan, blood donation, etc. **Obstacles Faced:** It has been noticed that the students in general were reluctant to participate in these activities particularly in activities like area cleaning and blood donation. To overcome these difficulties, the teachers came forward and motivated the students towards their social responsibilities. They also busted the misconceptions regarding blood donation exercise. **Resources Required:** The resources required for to conduct these activities were highly motivated students and a few implements required for area cleaning. **Impact of the Practice:** Once these activities were conducted successfully, the students were filled with a sense of positivity. **About the Institution:** Name of the Institution: Annada College, Hazaribag Year of Accreditation: Address: Court Road (Guru Govind Singh Road), Hazaribag -825301 Grade Awarded by NAAC E-Mail: annadacollege@gmail.com Contact Person for Further Details: Website: www.annadacollege.com

Best Practice -II (2016 -17) Improving teaching techniques. Objectives: Making the students enthusiastic learners. **Context:** The participation of learners in the classroom activities like a ritual was an ominous sign for teaching-learning activities. Hence, it was decided on the part of the teachers to reorient themselves to make the teaching-learning activity interesting. The teachers, for this purpose, introduced quizzes, group discussions, pair work, peer work, etc. **Obstacles Faced:** Since the number of the students in the classes were high, the teachers found it difficult to conduct these activities. But they continued their efforts. **Resources Required:** Motivation on part of the teachers and enthusiastic participation on part of the students. **Impact of the Practice:** The practice made the students enthusiastic learners. **About the Institution:** Name of the Institution: Annada College, Hazaribag Year of Accreditation: Address: Court Road (Guru Govind Singh Road), Hazaribag -825301 Grade Awarded by NAAC E-Mail: annadacollege@gmail.com Contact Person for Further Details: Website: www.annadacollege.com

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Institutional Distinctiveness - The vision of the Institution reads 'To sensitize individuals towards social welfare'. To realize the vision of the founders of the college, all the activities of the college are prioritized in such a manner that the students are sensitized towards the pains and sufferings of the poor, downtrodden and deprived class of the society. The students are sensitized on the issue during teaching-learning activities. They are made aware of the fact that all are a part of the system and environment we live in. Hence, we have to take care of those also who are marginalized members of society. Activities regarding this, are conducted with the help of students, in

particular with the help of NCC cadets and NSS volunteers.

8.Future Plans of Actions for Next Academic Year

During the academic year, the college plans to speed up the process of seeking reaccreditation from the NAAC. Co-ordinating teams will be given specific tasks to complete the process as early as possible. Institutional Information for Quality Assessment will be submitted to NAAC at the earliest. The college also plans to introduce MIS in the coming session. This will smoothen the process of data collection and analyzing the data for better management of the institution. The institution also plan to conduct Parent-Teacher Meet, Seminars, Workshops and awareness programmes such as No Polythene Campus, No Vehicle Day.
