

Annada College, Hazaribag

Best Practice –I (2016 -17) Community service

Objectives: To create a sense of responsibility among the students towards society, environment, and cleanliness.

Context: Education means creating a sense of responsibility towards society among the student. Keeping the philosophy in mind, the institution decided to promote activities like area cleaning, tree plantation, Swachh Bharat Abhiyaan, blood donation, etc.

Obstacles Faced: It has been noticed that the students in general were reluctant to participate in these activities particularly in activities like area cleaning and blood donation. To overcome these difficulties, the teachers came forward and motivated the students towards their social responsibilities. They also busted the misconceptions regarding blood donation exercise.

Resources Required: The resources required for to conduct these activities were highly motivated students and a few implements required for area cleaning.

Impact of the Practice: Once these activities were conducted successfully, the students were filled with a sense of positivity.

Annada College, Hazaribag

Best Practice –II (2016 -17) Improving teaching techniques.

Objectives: Making the students enthusiastic learners.

Context: The participation of learners in the classroom activities like a ritual was an ominous sign for teaching-learning activities. Hence, it was decided on the part of the teachers to reorient themselves to make the teaching-learning activity interesting. The teachers, for this purpose, introduced quizzes, group discussions, pair work, peer work, etc.

Obstacles Faced: Since the number of the students in the classes were high, the teachers found it difficult to conduct these activities. But they continued their efforts.

Resources Required: Motivation on part of the teachers and enthusiastic participation on part of the students.

Impact of the Practice: The practice made the students enthusiastic learners.
