

SOCIOLOGY

Sociology is the study of social life, social change, and the social causes and consequences of human behavior. It is a study of human values, relationships, beliefs and society. Students prefer subject sociology as it increases the understanding and power of social action. Sociology provides great understanding about role of social institutions whether it is home, school, society, place of worship, place of work etc. The subject definitely develops a critical insight within student perspective to the solution of social problems.

The UG syllabus of sociology in our Vinoba Bhave University has core papers like Introduction to sociology, Society in India, Indian social system, Tribes of Jharkhand, Sociology of development and change, Foundation of social thought, Social research & methods, Sociology of tribal society, Crime and society, Kinship & marriage & family, Rural society in India, Current social problems in India, Sociology of education etc. These papers develop a strong foundation in students who are new in the field of sociology.

There are selective papers like Industrial sociology, Population and society, Sociology & mass media & communication, Sociology of education to propagate more knowledge regarding the subject. The curriculum provides students opportunity to present power point presentations, skill based papers like computer fundamentals, environmental awareness papers etc. The last semester has dissertation which includes field visit, data analysis and report writing.

Program Specific Outcome:
